

County League Master

Basic System Options

“

Set up correctly, **County League Master** removes almost all of the time consuming administration of your leagues.

”

OVERVIEW

The **County League Master** web based league system provides a real time display of match and league table results, as well as a data entry system for teams, clubs and administrators.

And by allowing teams to record their own results, the basic **County League Master** system removes the need for administrators to be involved in the physical recording and processing of fixtures, something traditionally done using match cards posted to an administrator.

However, there are several ways in which the system can be used:

BASIC EMBEDDED SITE

For associations, clubs etc. with their own web site, they may wish to simply include their leagues as part of their own site.

In this case, the league data can be embedded within another site, such as that for Surrey Squash and Racketball association (www.surreysra.co.uk).

The screenshot shows the Surrey County Squash Leagues website. The header includes the Surrey Squash & Racketball logo and navigation links: HOME, NEWS AND EVENTS, LEAGUES, JUNIORS, COACHING, CLUBS. The main content area is titled 'Surrey County Squash Leagues' and features a 'Selected Leagues' dropdown menu. The 'Ashtead: Fixtures & Results' table is displayed below.

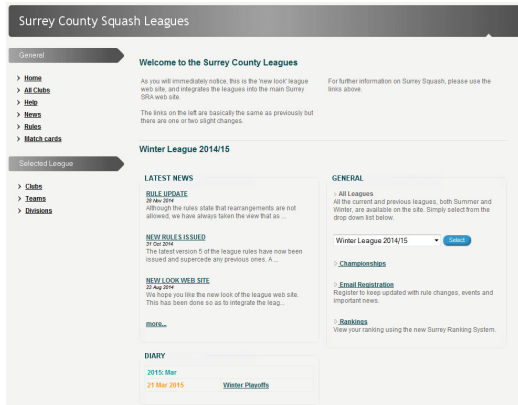

| Date | Home Team | Away Team | Result | Games | Match |
|------------------------|-------------------------|-------------------------|-----------|-------|-------|
| Wed 09/10/14 19:30 (C) | Ashtead 1 | Wimbledon Racketballs 3 | Lost 5-16 | 1-4 | View |
| Wed 08/10/14 19:30 (C) | Limpfield 4 | Ashtead 2 | Won 19-0 | 5-0 | View |
| Tue 14/10/14 19:30 (C) | Ashtead 2 | Bourne 4 | Won 17-9 | 3-2 | View |
| Thu 16/10/14 19:45 (C) | New Malden 1 | Ashtead 1 | Lost 14-8 | 2-3 | View |
| Thu 23/10/14 19:30 (C) | Nuffield West Biffert 5 | Ashtead 2 | Won 19-1 | 5-0 | View |
| Wed 05/11/14 19:30 (C) | Reigate 3 | Ashtead 1 | Won 17-4 | 4-1 | View |
| Thu 06/11/14 19:45 (C) | Spencer 2 | Ashtead 2 | Lost 15-9 | 2-3 | View |
| Thu 13/11/14 19:30 (C) | Surbiton 5 | Ashtead 2 | Won 17-4 | 4-1 | View |
| Tue 18/11/14 19:30 (C) | Ashtead 2 | Richmond 1 | Won 19-0 | 5-0 | View |

The **Basic Embedded Site** gives you:

- Standard interface for display and selection of clubs, teams and results
- Customisable colour schemes
- Basic News items display
- Login for teams and clubs to edit contact details and enter results
- Administrative login for league administrators
- Facility to create Nomination lists
- Full integration with SquashLevels ranking system and web site

ENHANCED EMBEDDED SITE

If your own web site provides all the necessary news and information relating to your leagues, then you will need no more than the Basic Embedded Site. However, County League Master is able to provide an **Enhanced Embedded Site**.

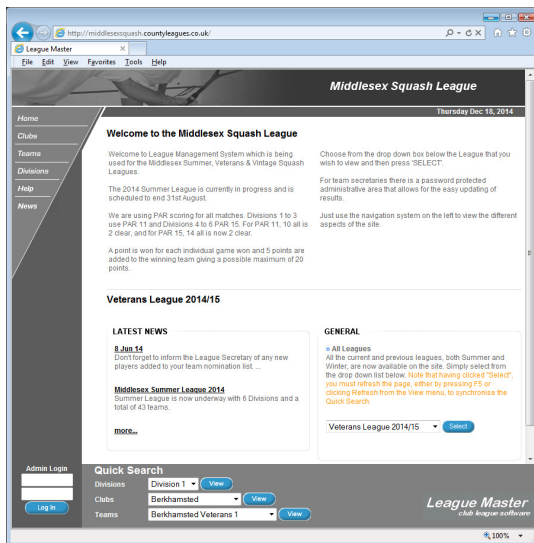

The **Enhanced Embedded Site** gives you all the features of the Basic Embedded Site plus:

- Enhanced News items to include images
- Enhanced home page for display of Diary items and Headlines with pictures
- Custom links to other information, documents and web sites
- Club payments and information
- Facility to show sponsorship logos

FULL STANDALONE SITE

If you do not have your own web site or simply wish to display your league as a completely separate web site, then the **Full Standalone Site** can provide this.

In this case, the web site has it's own web address and all the links and functionality you need and also gives you all the features of the **Enhanced Embedded Site**.

ADDITIONAL FEATURES

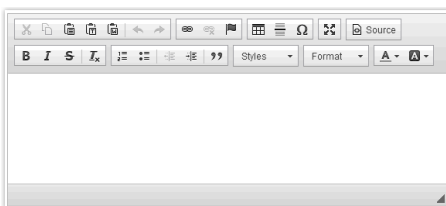

In addition to the above, any of the versions can include:

■ Tournaments

| 2015 Division 01 | |
|---------------------------------|---|
| First Round 17 February 2015 | Semi Final 10 March 2015 |
| Dulwich 2 | Dulwich 2 (h) <i>Fixture date: 17/02/2015 result</i> |
| Bromley LTC 1 (h) | |
| Park Langley 1 | Tunbridge Wells SRC 1 <i>Fixture date: 17/02/2015 result</i> |
| Tunbridge Wells SRC 1 (h) | |

You can run knockout tournaments for a wide range of formats. In addition, tournament matches can be linked to fixtures with each new round automatically generated based upon fixture results.

■ Emailing to club and team contacts

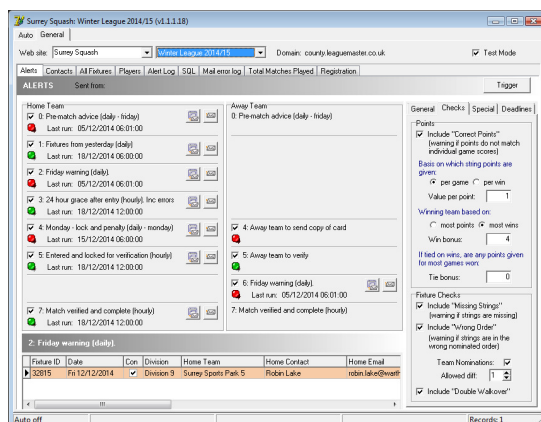

You can email club and team contacts directly using HTML formatted text.

LEAGUE MONITORING SYSTEM

Given any of the site options above, it would therefore be quite possible for an administrator to login at regular intervals, check results generally and police the leagues.

However, with the **League Monitoring System**, all this is done for you.

There are usually a wide range of rules which may apply to a league, covering such things as eligibility and playing order, as well as ensuring that the recording of points and players are correct and to do this manually is still a huge and error prone task to carry out.

The League Monitoring System runs in the background to both check each result and to then carry out all the tasks of informing and advising teams and clubs by email.

Set up correctly, the **League Monitoring System** removes almost all of the time consuming administration of your leagues.

For further information on the above and pricing, please contact **League Master Software** at info@leaguemaster.co.uk.
