

County League Master

**Club League Access**

# User Manual

## OVERVIEW

Apart from the main web site, County League Master is able to provide access for individual clubs to embed division and fixture information into their own web site using an iFrame.

This is live data, so will show exactly the same data as the main web site, including any colour scheme used by the particular league web site.

This functionality is provided on an annual subscription basis, which covers:

Division and Fixture information (as above) for all teams within any league that the club plays in during the year.

This includes Winter and Summer leagues, and also Men's, Ladies, Veteran, Vintage etc. leagues.

The access is provided by a number of html links, each one with parameters specific to the league and team. Details of the parameters will be provided as required during the period of the subscription.
